Memory Verse of Power - "Jesus said to him, "I am the way, the truth, and the life.

No one comes to the Father except through Me." John 14:6

Scripture summary:

1. Jesus loved teaching people about God. Wherever He taught, crowds always gathered. People loved to hear about God. Everyone knew Jesus loved God and loved them because He was kind to them.
2. One day, Jesus was teaching and healing people in someone's house. A group of four friends wanted Jesus to heal their disabled friend, but the house was too crowded for them to get in.
3. The four friends climbed up on the roof, removed some of the tiles, and lowered their friend down inside the house right in front of where Jesus was teaching.
4. Jesus saw the great faith of the four friends. He forgave the sins of their disabled friend and healed him so that he could walk. Everyone was excited except for the religious leaders because they were jealous of Jesus. They wanted the people to like them instead of liking Jesus.

Discussion Questions:

1. Why did people like to come around Jesus?
2. What did Jesus do when the crowds came to see Him?
3. Did Jesus stop ministering to the people because the religious leaders did not like Him? Why?
4. Do you think Jesus pleased God? Why?

Encouragement:

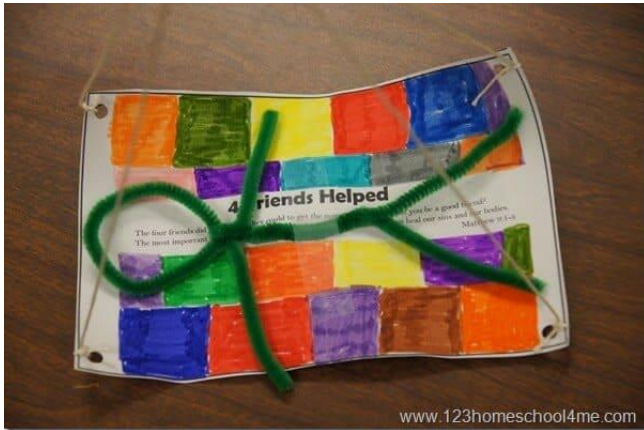

1. Jesus loves you and wants you to know about God's love for you.
2. Most of all He wants you to know that your sins are forgiven so that you can have a relationship with God.
3. Jesus is concerned with every part of your life. He heals our bodies, minds, emotions, and spirit (who we really are inside). He wants you to be healthy in every way and have joy inside.
4. Jesus is our friend. He always sets a good example for us to follow. With God's help, we can love people like Jesus.

Craft:

Using the free mat template below, kids colored in the mat and hole punched the four corners. The kids then attached yarn so they could lower the friend down to see Jesus (*we just crossed the two sections at the top, but any way works*). We made the friend out of 2 pipe cleaners like this

- Holding the first pipe cleaner in the middle make a circle (*head*) then twist together several times and separate pieces to make arms.
- Fold your 2nd pipe cleaner in half and insert it into the bottom of the head. Twist about 10 times to make the body and then separate to make 2 legs.

- Thread or string can be used in place of yarn. A bottle cap and toothpicks can be used instead of pipe cleaners.
- Be creative...
